ICET

Improving educational experiences and outcomes in all parts of the world

ABOUT US

ICET 2026 will be a three-day international conference designed to foster collaboration, knowledge exchange, and global engagement in education and teaching. The program will feature two keynote addresses per day, complemented by panel discussions and presentation sessions across the three days.

Structured networking opportunities will be embedded throughout the program, with a dedicated Gala Dinner held on the evening of Day 2.

The conference is proposed to take place on Tuesday 7 – Thursday 9 July 2026, with anticipated attendance of approximately 150 delegates, including academics, researchers, education leaders, and sector partners, providing sponsors with sustained visibility and engagement across the full duration of the event

The WA theme is *'Reclaiming the teaching profession: research-informed practice for equity and justice'* with sub-themes around:

- Educational policy and its impact on the teaching profession
- Teacher education, justice and equity
- Wellbeing and the teaching profession
- Internationalisation and innovation in Teacher Education
- Generative AI, digitisation and Teacher Education
- Migration, diversity, inclusion and Teacher Education

Participants will be able to join the conference in person, in Melbourne, or online for thought-provoking sessions, international collaboration, and renewed commitment to the democratic purposes of education. We look forward to welcoming you to this important global gathering.
